Section 1: Name

Graduate Student Arts Club

Section 2: Purpose

The Graduate Students Art Club is a community-building, professional development, and networking group for all Graduate Students enrolled in the Department of Art at The Ohio State University. Its members are interested in making, sharing, discussing, and viewing visual art. This club is dedicated to organizing events and activities to strengthen the relationships between its members and the world wide art community. The club also works to provide new experiences which help it’s members to grow socially and professionally.

The Graduate Student Art Club organizes member activities and field trips to nurture bonds among graduate students, as well as developing relationships across areas within the art department. Interdisciplinary critiques offer the opportunity for critical discourse. They will be held at least once per semester. Members have the opportunity to share their work with students from all areas in the Department of Art. Students will sign up for critiques at the first meeting of each semester, to establish the interest level. At least one field trip will be organized each year. The field trip expenses will be offset by fundraising profits.

Visiting artists will be organized using the money from The Ohio State student organization programming funds and fundraisers. These events will be made public to all of OSU students and faculty, in the form of a public lecture by the visiting artist. Studio visits and other activities will be organized according funding and availability. Members will have the opportunity to vote on the selection of visiting artist(s) in the Autumn semester for event(s) taking place in the Winter or Spring semesters.
